Proudly present a joint fundraising event:

amazingraceniagara.ca

AMAZING RACE NIAGARA

Sunday, September 17th

You can be a hero just for one day! Imagine the courage it takes for a child to disclose abuse to adult authorities, when 80% of alleged perpetrators are known to them. Studies found that sexual abusers come from a wide circle of people (not only within the family) but also outside the family, such as friends, neighbours and peers *(Kingsley and Mark 2000; LaPrairie 1995).* **Our agencies have joined together to increase child abuse prevention, awareness and response for Niagara's children, youth, & their families.**

The **Kristen French Child Advocacy Centre** (kristenfrenchcacn.org) is **a safe place to help, heal and end child abuse** for Niagara's children and youth who have been physically abused, sexually abused, become the targets of internet luring, or were the unwilling witness of violence. Children speak about their abuse experience to specifically trained teams from Niagara Regional Police Service and Family & Children's Services Niagara. Counselling is provided at no cost and without a wait list through Family Counselling Centre Niagara. Opened in 2008, Kristen French CACN is a registered charity that serves Niagara's 12 municipalities, helping children and families cope with the life altering impacts of child abuse.

The Niagara Chapter - Native Women Inc. (ncnw.net) is an autonomous local organization of the Ontario Native Women's Association, which is affiliated with the Native Women's Association of Canada. Current local initiatives include a strong interface with local education, justice, health and child welfare issues from infancy to beyond middle age. Our organization is built on the dedication of our members and volunteers. The chapter receives no core or ongoing funding and as such is a fully registered charity and not for profit that incorporated in 1983.

Did you know that 1 in 4 children will experience sexually based child abuse before the age of 18 and studies show that on average 25% to 50% of Aboriginal women were victims of sexual abuse as children compared to a 20% to 25% average rate within the non-Aboriginal population *(Collin-Vézina et al 2009).*

You can be a hero just for one day & let children, youth & their families impacted by abuse in Niagara, know you care!

Sponsor this event & be a hero!
